Hello Citizen's Academy Alumni:

It is a great time to be a Citizens Academy Alumni Association member. We have an engaged board and are excited for what 2019 will bring.

Currently we have over 600 graduates from the Sacramento program, strengthening our network and helping to further our mission to foster a safer community. We also just wrapped up our first Citizen's Academy in Fresno with over 30 graduates in 2018.

In the past year our alumni and guests have:

- Attended exclusive law enforcement briefings on:
 - *Domestic Terrorism, Opiate Addiction, Cyber Crime and the Dark Web*, and many others.
- Met with Christopher Wray, FBI Director
- Visited Quantico and FBI Headquarters in Washington D.C.
- Supported the *Missing in California* event in partnership with the Sacramento Police Department.
- Supported the *Cops and Rodders Car Show*, a community event hosted by Placerville CHP.

Additionally, we want to thank our members for helping to support two youth programs; the FBI Teen Academy and Collegiate Academy held at CSU, Sacramento. These two programs combined, have impacted over 700 High School Juniors and College students in the area and provides insight into FBI career paths, core values, and current topics within the bureau.

All of this happens through the work of the FBI Sacramento Citizens Academy Alumni Association, a self-supporting, all volunteer 501(3)(c) nonprofit membership organization formed and managed by alumni. The board is honored to serve our membership and we need your help to continue.

As a graduate of the program, you know the value of being a class participant. We hope you will reflect on those unique experiences and support the association by re-activating your annual membership by **March 15** for \$55 by visiting www.sacfbicaa.org/membership.

We know there are many worthwhile organizations and appreciate your consideration and continued support of the FBI Citizens Academy Alumni Association.

Sincerely,

Terry Carroll
Board President
